

## FY 2021 Supplemental Request

<b>Department:</b>	State Board of Education	<b>Sponsors:</b>	Representative Amador
<b>Division:</b>	Office of the State Board of Education, Administration		Senator Crabtree
<b>Description:</b>	Early Childhood Education Development Grant		

### 1. Background:

In January 2021, the Office of the State Board was notified that it was the recipient of a Preschool Development Grant (for birth through five) to support the development of Idaho's early childhood care and education system. To administer this grant, the Office of the State Board will partner with the Idaho Association for the Education of Young Children (IDAEYC), a registered 501(c)(3) operating in Idaho.

In 2020, the State Board of Education and IDAEYC received a preliminary grant to conduct a needs assessment for early educational needs and resources in Idaho. This needs assessment sought input from state agencies, university partners, local collaboratives (LCs), and stakeholders from across the state. LCs include local agencies, schools, childcare providers, early childhood educators, parents, and other stakeholders with an invested interest in early childhood education.

The Idaho State Board of Education will be the designated state agency to receive the federal grant and work closely with IDAEYC to ensure the grant is administered to meet the objectives identified in the needs assessment. The goal would be to provide education resources for preschool aged children - in multiple formats - and support locally-controlled, high-quality, and family-focused programs and educators that support the optimal growth and development of young children.

On February 18th, the Joint Finance and Appropriations Committee approved a supplemental for this purpose. On March 2nd, the Idaho House of Representatives voted 34-36-0 to not approve the supplemental appropriation (HB 226).

### 2. Reconsideration of FY 2021 Appropriation: Requires a majority roll call vote.

*"I move to reconsider the supplemental appropriation for the fiscal year 2021 budget for the Office of the State Board of Education."*
